

# Joplin

**Teen Leaf Lettuce varieties are all you need to combine efficiency, convenience, and creativity.**

- Fast-paced living, high taste expectations, and health consciousness are the driving factors in today's consumer behavior and expectations for salads. Our premium Teen Leaf Lettuce delivers.
- Joplin is a unique, year-round, vibrant red romaine selected specifically for high-density systems.
- It is a perfect match to the green romaine Cobain. Its growing speed translates into high yield potential.
- Like the rest of our Teen Leaf assortment, Joplin offers great output traits, including good shelf life and a sweet taste.

*One of the first year-round red romaines for high-density systems*

High yield

Shelf life & sweet flavor

Tip burn resistant

Reliable

# Data
