- Forfeited booth space may be resold, or decorated as a rest area, at the discretion of the CGC
- If the forfeited booth space was turned into a rest area, the Conference Mediator may allow a 'no show' exhibitor to exhibit during the second day of the Conference, only if those circumstances have been fully explained to the Mediator & in his or her opinion, they are justified. There will be no refund of booth payments, regardless of circumstances

SUBLETTING

Under no circumstances shall space be sublet, without written permission of the CGC Trade Show Manager.

BOOTH SPACES

- Booth spaces are a single (10' x 10') or multiples.
- Black carpeting provided in all booths. Do not use other floor materials on top. You may order underpadding
- Pipe & drape backs are 8' high, sides are 8' high for 3'; then drop to 3' side rails (see diagram)
- All drapery used is black

END CAP BOOTH DRAPING (4 BOOTHS +) – CONSIDERED PRIME BOOTH SPACE

- Back drapes for end cap booth spaces are 8' high in the centre 12', with 3 feet of 3' high drapes on each side (diagram below)

EXHIBITORS AT END OF AISLES (with 2 booth spaces)

- Booths are not oriented as an end cap. They open to the aisle facing them.

GOOD NEIGHBOUR REGULATIONS

- Exhibits must not obstruct the view of, or interfere with other exhibitors
- Exhibits can be built to, but not exceeding, the perimeter of the booth & must conform to the **height restrictions** set out in the **'1 for 1 Rule'**
- Any place where you about a neighbour (including those across an aisle) the **'1 for 1 Rule'** applies
- Examples for purposes of determining height restrictions:
 - o All aisles are considered to be 7 feet wide
 - o If there is no actual curtain, the base height of side drape is 3'. A vertical banner that is 10' high (this is 2' taller than the back curtain height) & 2' wide, placed in your booth the banner must be placed a minimum of 2' away from your 8' curtains. The banner can be placed anywhere in the back half of the booth
 - o A piece of machinery that is 4' tall, that you want in the front area of your booth, must be placed a minimum of 1' in from the 3' high side curtains
 - o A 6' high literature rack, if placed in the front half of your booth, will need to be a minimum of 3' from the 3' high side curtains

GREENHOUSE STRUCTURES (with walls you can see through)

- Greenhouse structures can be built to, but not exceeding, the perimeter of the booth
- There can be **no covering on the roof or vents**. Fire Marshal regulations require the ceiling sprinkler system to be able to penetrate the whole booth area
- Please contact SCCN Show Management, if the greenhouse structure is over 20 ft. high, because you will need pre-authorized approval from the SCCN operations department
- Side & back wall **coverings for greenhouses** must be 'clear & colourless with no signage' outside of the 12' of 8' back wall or meet the **'1 for 1 Rule'**
