The next few screens gather information required to provide you with the appropriate pick-up times. The pick-up and drop-off information pages contain list boxes from which you can simply choose your hotel. Our system will then automatically fill in the address information.

Complete the passenger and payment information.

- On the Payment screen, choose to pay for your reservation with a credit card. Simply ensure “credit card” is ticked off, and enter the information. If you would prefer to pay the driver, click on “Cash to driver” and then you must fill out the credit card information. When this is the case, we do not charge your card, but we do pre-authorize the amount of the reservation, to ensure we have a valid credit card for guarantee purposes.

Finally, click (only Once) the ‘Submit’ button.

The Reservation Confirmation Screen will provide a confirmation number, which you can print as your receipt, or choose to receive an email confirmation of the reservation.
